

Protect Illinois Rivers - Report Pollution!

It's up to you to protect our rivers.

STEP 1

If you identify any of the following:

Wildlife Disturbances

- Fish kills
- Algal blooms
- Fish deformations or lesions
- Dead waterfowl or aquatic plants

Surface Water

- Excessive muddiness or cloudiness
- Discoloration or surface sheen

Visible Point Sources

- Pipes dumping discolored, pungent, or solid materials into river
- Hazardous waste containers on or near river banks
- Discarded barrels

STEP 2

Report it to nearest IEPA field office, noting location, date, and time:
